## Re: Tuition Discount For New Distance Learning Students Living Anywhere

July 31, 2017

Dear New Friend & Prospective Student,

Below is some important news that should warm your heart, assist you in both your self-help and generating a fulfilling new career, benefit your wallet, and giving yourself or someone else a lifelong gift of self-healing plus a new or adjunct healing career.

Between July 31, 2017 to August 31, 2017, **I have reduced or discounted the tuition for all our Distance Learning programs by 33 - 67% off.** See below.

Why? We are declaring this Summer an international time of NHI tuition discount. Summer is the time of change, growth, transformation, fulfillment, and summer “greens” and “fruition.” The greens are symbolic of enhanced income, greater personal growth, more meaning, more heart and connection in life. We can help you generate Summer “greens” and benefit yourself, your family, friends, clients, and others via a career in wholesome, (w)holistic, and (w)holy healing. Becoming a health therapist contributes to each person’s -- and your clients’ -- personal, holistic, religious and/or spiritual path to full realization and holistic health.

The government has strongly suggested that people should consider going to a vocational college to learn a new or second career. **Important Notes:** Holistic health and natural healing remains the 2<sup>nd</sup> fastest growing industry in the U.S. Education and self-help information has become the third fastest growth industry. Government statistics show even reported health care in the U.S. is more than 1/6 of the budget and health care needs are growing exponentially. People want effective, safe, lower cost health care. **This is the absolute best time in history to become a natural healthcare practitioner and health educator!!**

### Enrolling in NHI vocational college:

- Our mission has always been to sincerely provide the highest quality training possible both for your professional development and for personal/family growth - helping yourself and others - all while at the most reasonable, accessible tuition possible. Our graduates experience enhanced income, greater personal growth, and more meaning and connection in life.
- **Students can enroll and study anywhere, including internationally.** NHI is drawing more students worldwide due to the increase in popularity of holistic health, natural healing, and web access.
- **\*\*\* ● Note: You go at your own pace -- some people are quicker and some take longer! Self-paced!!**
- Give yourself and others the true gift that heals -- a natural healing profession.
- **\*\*\* NHI and all our programs have been fully, professionally Accredited by the Board of the national American Association of Drugless Practitioners (AADP), Donald Rosenthal, M.D., N.D., Executive Director!**

**VERY IMPORTANT NOTES & DISCOUNTS. SEE BELOW!!**

**Note:** You will be trained how to conduct your new career via the telephone from your house (very convenient and low overhead), from a business office, wellness center, with an MD, DC, L.Ac., P.T., R.N., etc.

**Note:** For each of the last 20 years, we have offered one of the three largest and most respected Residential training in Clinical Nutrition in the U.S. qualifying for Certification and also trademarked as **Certified Nutritionist Consultant (CNC)™** ; one of the three largest and most respected Residential training in Clinical Herbology in the U.S. qualifying for Certification and also trademarked as **Certified Clinical Master Herbalist (CCMH)™** ; and the largest and most respected Residential training in **Holistic Health Practitioner (HHP)** qualifying for Certification/License. We were the first college or institute in the U.S. to have a State-Approved Aromatherapy training. This program qualifies you for Certification and is trademarked as a **Certified Clinical Master Aromatherapist (CCMA)™**. Our *comprehensive* Naturopathy program qualifies you as a **Certified Naturopathic Practitioner (NP)**. Our Residential College was state-Approved in 1997 and our Distance Learning Programs were state-Approved in 2003. Note, we are now not state-Approved but we are **fully professionally Accredited by the Board of the national American Association of Drugless Practitioners (AADP)**,

We are now making available our audio files of all of our excellent Residential trainings, classes, and programs that relate to the program you are enrolling in. Again, all the audio files of classes here at our Residential NHI that relate to the program you are enrolling in will be made available! Each program has many different audio files with HHP and NP being far, far more extensive.

**Note:** Inclusion of the audio recordings is a highly significant value addition at no extra charge! This inclusion equates to hearing the excellent, in-depth classes with a very significant savings of time, tuition, travel expenses and convenience. Plus, you get to hear the spontaneous questions and answers!

\*\*\* ● **Note:** You go at your own pace -- some people are quicker and some take longer! Self-paced!!

**Note:** Be sure we have your e-mail address for our free Newsletters which include our Fun Health Facts.

**Distance Learning Discount Rate For New Distance Learning Students Living Anywhere -- including within San Diego County, Anywhere in the U.S., Anywhere in the World!**

**Special Offers of 30 – 55% off the Programs below until August 31, 2017:**

**Certified Nutritionist Consultant (CNC)™** = Normally \$1,995, Now 33 % off = **\$1,350.00**
